Ten High School Graduates Win  
Honors Through Earnest  
Endeavor

**IMMENSE AUDIENCE PRESENT**

Second Annual Commencement at  
New High School a Brilliant  
and Notable Affair

"Well done. Your efforts are crowned with  
deserved success!"

Such is the message of indorsement the  
Maysville people last night gave Superintendent  
Bradner, the ten graduates of the Mays-  
ville High School, Class of 1910, our progres-  
sive Board of Education and all who helped  
round out in a haze of beauty, flowers and  
music the mental labors of the past school  
year.

The beautiful Auditorium was packed to  
the walls with an audience of a thousand per-  
sons and many more were eager to be present  
had there been room. It is safe to say that

the second "Commencement" in Maysville's  
handsome new High School Building was in  
every way the most notable graduation affair  
ever held in our county.

Last night, as never before, our citizens  
saw the fruits of the money spent for higher  
education in Maysville and witnessed the tri-  
umph of ten boys and girls, five of each, who  
in cap and gown covered themselves with  
glory and wore their laurels of victory honestly  
and wore them easy and with becoming pride  
and honor.

The interesting program as given below was  
carried out to the letter and without the least  
omission, except that Judge C. D. Newell,  
Class of '76, who was to deliver the Alumni  
Address, was unable, on account of official  
duties, to be present, and thus this important  
part of the program was necessarily omitted.

However, Superintendent  
Bradner, in announc-  
ing the above fact and re-  
gretting the omission of  
the Alumni Address, him-  
self delivered a timely and  
earnest address on the  
past conduct of the  
schools of Maysville, the  
present status and the  
hopes of the future. Mr.  
Bradner, always very em-  
phatic but pleasing in his arguments and de-

livery, dwelt last night especially upon what  
part and effect WORK has upon the scholar.

He said that while Maysville had a school  
population of more than 1,600 and a school  
enrollment of over 1,000 pupils, yet there  
were only ten graduates this year. Never-  
theless he complimented Maysville school patrons  
and the Board of Education, which now work  
so enthusiastically and harmoniously together  
in the concrete formation of our beautiful and  
substantial school buildings and our splendid  
system, methods and equipment, which are  
now recognized as among the best in the coun-  
try.

Maysville must engrave on her progressive  
shield: "Higher and Higher and Yet Higher"

As usual, THE LEDGER's limited space only  
prevents us from giving last night's beautiful  
program in all its long, but most intensely  
charming and interesting details. It is now  
enough to say that the exercises could not  
have been excelled. All the ten graduates  
were "cool, calm and collected," while their  
orations and essays sparkled with wit, were  
clothed in elegant diction and delivered in  
maidenly and manly style.

Principal True, in a brief and happy manner,  
delivered the scholarship to the University of  
Virginia to Mr. James Harvey Salles, first  
honor graduate, while the scholarship to the  
Kentucky State University was given to the  
second honor graduate, Mr. Henry Neal Marsh.

President Browning of the Board of Educa-  
tion then, in a few words of eloquent advice  
and commendation, delivered the diploma to  
the graduates, and after the benediction the  
happy gathering was dismissed.

The Commencement was followed by a bril-  
liant ball in the Auditorium, the music for  
both occasion being by Weber.

**Deafness Cannot be Cured**  
by local applications, as they cannot reach the dis-

cure deafness and that is by constitutional reme-  
dies. Deafness is caused by an inflamed condi-  
tion of the mucous lining of the Eustachian tube.  
When this tube is inflamed you have a rumbling  
sound or imperfect hearing, and when it is entirely  
closed, deafness is the result, and unless the in-  
flammation can be taken out and this tube re-  
stored to its normal condition, hearing will be  
destroyed forever; in many cases out of ten are cured  
by Catarrh, which is nothing but an inflamed  
condition of the mucous surfaces.  
We will give One Hundred Dollars for any case

P. King is Principal. He is receiving a warm and cordial welcome from his old parishioners and friends in general, who were great admirers of the forceful young Minister during his Pastorate here. He notes many changes in the betterment of the general appearance of the city, as well as the absence of familiar faces who have answered the last roll call since his Pastorate here five years ago. He is well satisfied with his present charge and his work. He leaves for home this afternoon.

### MIGHT HAVE BEEN MORE SERIOUS

Yesterday evening in descending the steep grade on the Lexington pike, and when near the spring at the forks of the road in West Fourth street, a touring car containing Mr. and Mrs. Roy Crocker, Mr. and Mrs. J. W. Hambrick and Miss Martin of Huntington, W. Va., was discovered on fire. There was a scrambling and screaming of the female portion of the party until the cab was emptied of its precious freight. Henry Fields, colored, who resides nearby, came to the aid of the imperiled car and with several buckets of water extinguished what threatened to be a costly fire.

No one is willing to pay the same price they would for fresh garments so we've put hurry-out prices on some petticoats that will certainly interest women who love a bargain.

### Special Stocking Value

Best thing we've offered for the price, 50c values now 3 pairs for \$1. Black, plain lisle, heavy garter top, double soles, heels, toes.

No man in the United States by reason of character and ability stands higher than Governor HUGHES of New York. Recently he made an address at the banquet at the Merchants' Exchange in New Rochelle. Among other things he said:

"I am a Republican, strongly attached to my party, and earnest in the desire for Republican success. But I cherish a concern deeper and more vital than that. I want to see the illicit efforts of privilege frustrated, bribery and corrupt arrangements destroyed and the market place where governmental favor has been bought and sold converted into true assemblies of honest representatives of the people."

Grocers, dry goods merchants and property owners in Kentucky are protected now with the 10% exemption law, which went into effect Tuesday midnight. This law provides that 90% of wages are exempt up to \$50, and that all over \$45 goes to the payment of debts. The cost in case of garnishment goes on the person losing the suit. The law is known as the retail grocers' bill.

Mr. J. E. Richards and Miss Zedie A. McCord, both of Fleming county, were granted marriage license yesterday by County Clerk W. P. Dickson.

#### WHERE SURGERY FAILS

#### CUTTING WON'T REMOVE THE CAUSE OF PILES

Piles mean more than merely the pain of the stubborn little tumors. There is a condition inside that must be dealt with. Cutting is usually followed with later and worse attacks. A permanent cure can only be made by bettering the condition of the parts and getting a free circulation of the blood. Hem-Roid cures all kinds of piles by internal action right on the cause. Sold by J. James Wood & Son, Maysville, Ky., and money back if it fails. \$1 per bottle. Dr. Leonhardt, Station B, Buffalo, N. Y.

The main difference between LINCOLN and the statesmen of today seems to be that LINCOLN was a rail-splitter, while the latter are hair-splitters.

The Administration of President TAFT has not been spectacular, but it has been progressive. The only people it doesn't appeal to are those who like a circus.—Baltimore American.

ANTHRACITE coal is on the free the list, duty on sugar is greatly reduced, yet both these commodities are high in price. That cannot be blamed on the Tariff.—St. Paul (Minn.) Times.

FIGURED IT OUT.

The Human Grouch was being taken to task by the Spreader of Good Cheer.

"It doesn't cost anything to speak a good word every now and then," remarked the S. G. C. "Takes only four seconds of your time to say, 'You are doing well,' but it does a lot of good."

"Step lively and vibrate your vocal cords rapidly, please," retorted the Human Grouch. "Four seconds of my time are worth exactly \$4, and every day is my busy day."

DOG CATCHERS

If your pet canine came up missing last night

it is more than likely that you can reclaim him

today by calling at the city yards in East Second

street extension and identifying the worthless

cur, thence a visit to Mayor Lee's office in

Court, and by liquidating your property in paying

the dog tax, otherwise, in a reasonable

time, he will be chloroformed and sent to the

happy dog land.

The city has been overrun here of late with

an army of dogs of all kinds and descriptions,

and not a single one with a tax-paid tag and

collar around his neck, as the law provides.

In order to thin out and obliterate the dog

menace two men and a carriage were employed

yesterday in catching and impounding all

stray dogs found on the streets. Up to 4

o'clock the dog catchers reported thirty strays

taken in and today the good work will be vigorously

carried on.

There were sixteen owners who paid dog

tax yesterday, more than has been taken in at

the office for some time.

Dog days will soon be here and the hydro-

phobia scare will be on in earnest, and per-

haps it is best to get rid of as many as possible.
